

# Early Childhood Programs at CNCC

- ❖ **Early Childhood Director Certification**
- ❖ **Director Re-Certification**
- ❖ **Lead Teacher**
- ❖ **Preschool**

## **Offered with a class delivery method that keeps your busy schedule in mind**

- Accessible; all courses can be taken from your home on your PC
- Only one class session per week
- Program curriculum is practical and based on State of Colorado CDE requirements
- Program delivery is great for those with full-time jobs
- Course instructors are regional and are all experts in Early Childhood Education
- Cohort advantages; provides a learning community with other program participants to enhance course and program completion for each student
- Elluminate Live provides real time interaction in all class sessions with the instructor and the students

**Courses meet once a week on either Wednesday 6-9 p.m. or on Thursday 6-9 p.m.** Class sessions will be held once a week. Students will use their own PC to connect to the instructor and all other students through *Elluminate Live*. The program has been designed so that students take only one course at a time. Due to this “blocked” course focus, each course will be completed in 5 to 8 weeks, depending on the credit hours of each course. Class sessions will be from 6:00 until 9:00 PM on the same day each week. Class sessions will include lectures, demonstrations, group activities and discussions. All other activities and projects will be completed online throughout the remainder of the week. Once one course is completed, students will begin the next course the following week.

**Contact Kellie Dippel, Extended Learning Director, for further information and course schedule:**
